Dear Parent(s)/Guardian(s),

Given the recent events in our nation, the tragedy at a school in Florida, and a posting that appeared on Facebook regarding a student in our Klamath-Trinity Joint Unified School District, I wanted to address the precautions and procedures that Klamath Trinity Joint Unified School District has in place.

First and foremost, we take any threats very seriously. We have protocols in our emergency plan that dictates what to do. We do practice drills. When a school goes into a Lock Down, it is important that parents/guardians do not try to call the school, as we need to keep phone lines available for communication. We will notify parents and guardians, via auto-calls, after the imminent danger has passed. Please be sure your child's school has your up to date contact information.

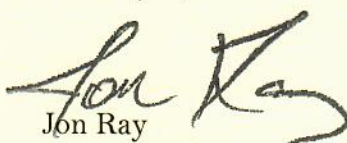

The best thing that you can do to assist us in keeping your children safe is to talk with them about following adult directions. In the event that they are told we are in Lock Down, or that they must immediately move to a certain room or area on campus, it is imperative they follow these instructions without question. This is the best line of defense in keeping students safe at all times.

Our staff has had the opportunity to participate in training on Active Shooters on a campus, and there will be ongoing and further training occurring as the year progresses.

Please note that schools are still very safe and we appreciate your assistance in talking with your children about the importance of remaining in supervised areas at all times and following the directions of the staff at any time they are asked to move to a certain place.

If you have any questions about your child's school site safety plan, please contact the site administrator.

Thank you,

Jon Ray
Superintendent
